

Investment objective

To provide long-term capital growth by investing primarily in equity securities of companies outside of North America. The fund provides exposure to economies that offer different business cycles and growth opportunities than North American markets.

Reasons to invest

- Economic, geographic and currency diversification outside of North America
- High conviction portfolio with an emphasis on companies with high and sustainable levels of profitability
- Actively managed fund with a focus on the power of long-term compounding and the potential for long-term growth

Disclosure

RBC Funds, RBC Private Pools, RBC Alternative Funds, PH&N Funds and RBC ETFs are offered by RBC Global Asset Management Inc. (RBC GAM Inc.) and distributed through authorized dealers.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund and exchange-traded fund (ETF) investments. Please read the prospectus, Fund or ETF Facts document of the relevant RBC ETF or ETF Series unit of the RBC Fund before investing.

Except as otherwise noted, the indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The rates of return for periods of less than one year are simple rates of return.

Mutual funds and ETFs are not guaranteed or covered by the Canadian Deposit Insurance Corporation or by any other government deposit insurer. For funds other than money market funds, unit values change frequently. For money market funds, there can be no assurances that the fund will be able to maintain its net asset value per unit at a constant amount or that the full amount of your investment in the fund will be returned to you. Past performance may not be repeated.

ETF units are bought and sold at market price on a stock exchange and brokerage commissions will reduce returns. RBC ETFs do not seek to return any predetermined amount at maturity. Index returns do not represent RBC ETF returns. RBC ETFs are managed by RBC GAM Inc., an indirect wholly-owned subsidiary of Royal Bank of Canada.

If provided, graphs are only used to illustrate the effects of the compound growth rate and do not reflect future values of any fund or returns on investment of any fund. Growth of \$10K chart shown represents a hypothetical investment of the Fund over the last 10 years, or from the last day of the since inception month for funds with less than 10 years performance history. The chart assumes reinvestment of all distributions and is net of fees. The Top Ten/25 Holdings may change due to ongoing portfolio transactions within the fund. MER (%) is based on actual expenses reported in the fund's most recent Semi-Annual or Annual Management Report of Fund Performance expressed on an annualized basis.

MER (%) for RBC Funds, PH&N Funds and BlueBay Funds is based on actual expenses for the preceding calendar year or most recent half-year period ended June 30 expressed on an annualized basis, depending on availability of data at the time of publication. Net asset figures include all series of a fund. Fund category is determined by the Canadian Investment Funds Standards Committee (CIFSC).

The information reported in Portfolio Analysis is subject to change and is based on data available to RBC GAM Inc. as of the date of this report. Portfolio characteristics are gross of fees. Equity and fixed income characteristics for balanced funds/portfolio solutions are reported based on the respective equity or fixed income portion of the portfolio.
